

**110 Beds At Home - \$1,650,000****100 Beds Jointly - \$2,100,000**

With patients filling every bed available, including halls, several times this past year, and an AVERAGE of 100% (45 beds) occupancy, coupled with newcomers, we MUST have more and accredited hospital facilities: no one disagrees.

We want the best we can finance. Hill Burton funds (government money) are obtainable to Belle Glade for 75 new beds in a modern building, or to a joint hospital for 100 beds.

The proposed 100-bed joint hospital unit, to cost \$2,000,000, with \$100,000 added to be sure of fees of \$200,000, has \$900,000 Hill Burton funds available AS SOON AS \$1,200,000 IS PROVIDED BY TAXPAYERS.

Mr. Hare, the Board's Consultant writes that a 100-bed hospital should cost \$200,000 more annually to operate than does the combined 61 beds we have, after \$2,100,000 is spent obtaining it.

It is proposed locally that the 75-bed unit be built entirely on the present site, and the present building be used as needed with renovation to bring to specifications, for accreditation, for 35 beds, to give Belle Glade a total of 110 beds for \$1,650,000, top figure.

It is reasonable to believe that the present rate of costs will not increase, per bed, for a 110 bed hospital can be operated, according to all consultants, more economically per bed than a 45 bed unit.

Location is a problem: To one Pahokee doctor and two Belle Glade doctors Hooker Highway is okay. To a majority of Belle Glade's doctors, it's the "center of population".

To the combined Board it's Hooker Highway.

To all consultants including Hare, and officials of Hill-Burton funds, thru Tallahassee, Atlanta and to Washington, "the center of population" is the measuring stick: Consultant Hare reportedly says center of population is in Southeast Belle Glade.

To Belle Glade's Chamber, it's a "home" project: to every member of Belle Glade's City Commission, it's "build our own" to a majority of South Bay's City Commission it is also "build at Belle Glade."

Half a dozen local contractors agree that the present building can be recommended as needed for use "at no outlandish outlay of money" Tallahassee and Public Health architects have written our Board that the building may be brought to "Hill-Burton standards."

The Board's consultant says the present building is "too well built" BUT, now this "BUT" may be tied into the \$120,000 fee for an architect to design an ALL NEW building.

A joint hospital is impractical: because local doctors are divided. Pahokee doctors are divided, our board is divided and our people (taxpayers) are divided.

A joint hospital is uneconomical to us: 100 beds in a joint hospital costs \$2,100,000. 110 beds of our own will cost \$1,650,000. WHY THROW AWAY OUR OWN AND PAHOKEE'S HOSPITAL?

**Need Is Serious****Blood Typing Of Eligible Donors Scheduled For Aug. 21 By Post 20**

It has been announced by Everglades Post 20 American Legion that there will be a blood typing of all eligible blood donors of the American Legion members and the Auxiliary Unit members at a joint meeting of the Post and Auxiliary Unit on Tuesday, August 21, at the Post home at 8:00 p. m.

Arrangements have been made with Legionnaire Fred Woodcock, technician at the Pahokee Hospital, and his assistants, to do the typing free of charge at this time and place.

(Continued On Page Eight)

**Glades Triumphs On Parade!!**

Barnum and Bailey or Mr. Ripley would, we're sure, immensely appreciate the uniqueness and accomplishments represented in these 16 "monsters" in one group travelling down the road at 15 to 18 miles per hour compared to a 5 1/2 to 4 miles rate of the old D-4, to their home with the Glades Sugar House at Belle Glade.

It's not merely sixteen monsters of mechanical efficiency travelling down the road on rubber tires, as a part of a display, it's more than a half million dollars worth of agricultural equipment.

Progressive, as Glades folks call them, are Glades folks FOR Glades folks each ranking top in its field. (1) Ingenuity and know-how in mechanical engineering to increase delivering capacity by more than 400 percent with a D-4 Caterpillar tractor; and (2) Ingenuity, hard work and financial ability to plan, design, finance, build and operate a modern sugar mill of 6,000 tons daily capacity by Glades farmers for Glades farmers.

Caterpillar experts were "shook up" at the proposal to substitute rubber tires for the usual metal tracks of the Caterpillar.

Mr. Wedgworth of the Co-op, who has experience as a dirt farmer, with the advice of his own specialists, has adopted the D-6, with rubber, as standard in the harvest of 22,000 acres of cane.

Progressive, determination and ability walk the Glades daily, with a quizzing grin. What's next?

**Taylor Out - Kellenberger In With Name On Door**

Clinton E. Taylor, whose two-month tenure as sheriff of Palm Beach County came to an abrupt end last week when the state Senate reinstated Martin Kellenberger to the job, drew a resolution of appreciation this week from the County Commission.

Taylor appeared before the county commission Monday to give what he termed a fiscal report on the sheriff's department budget. He said there was a \$20,000 surplus at this time and that adequate funds were available to last to the end of the fiscal year.

Incoming Sheriff Kellenberger, he said, "is going into a comfortable budget situation." Commission Chairman Lake Loyal told Taylor "we owe you a debt of gratitude for the manner you took over a bad situation. You have set a pattern for the efficient operation of the office."

Commission instructed the county engineer to have Sheriff Kellenberger's name painted on the door to his court house office.

**Consultant Says— Population Center Proper Location For Any Hospital**

Richard L. Martin, a fully qualified Hospital Consultant retained by the SW District Taxpayers, made the following observations concerning the Hospital question.

1. The present overcrowded condition of the existing Belle Glade Memorial Hospital makes immediate construction of additional hospital facilities mandatory.

2. When a hospital is constructed it should be near the population center. The present estimated population of the Southwestern District is 18,000 while the estimated population of the Northwestern District is only 8,000. The present rate of growth of the Southwestern District is several times that of the Northwestern District.

3. Future population growth of the Belle Glade district will of necessity be to the south and southwest, directly away from the present population center.

4. The purchase and filling of sufficient land for a hospital and parking area plus the additional expense of obtaining water and installing a sewage disposal system would make the cost of the proposed joint hospital site prohibitive.

5. Sufficient land for a new hospital including an adequate parking area is now available, without cost, on the present 15-acre site of the Belle Glade Memorial Hospital. City water is now in service and city sewer facilities will be available in the immediate future.

6. The present hospital location is more readily accessible from several main highways which will aid in providing better emergency service.

7. When a new hospital is constructed at the site of the Belle Glade Memorial Hospital, consideration should be given to the fact that the professional staff in their shop at Clewiston might more appropriately indicate the area which it will serve.

8. The medical and nursing service now rendered at the Belle Glade Memorial Hospital is of high quality. The professional staff available to indigent and migratory farm labor is equal or superior to the services offered in other communities of comparable size.

9. It may be that some people in this district are under the mistaken impression that medical specialists will be easily attracted to a 100 bed hospital. It must be realized that specialized hospital care and the services of highly specialized medical personnel are seldom available to any community except in direct proportion to the size of the community and its ability to pay that higher cost of such services.

(The balance of Mr. Martin's letter is found on page 4 of THE HERALD.)

**Four Dead - Two Linger****Jaycees Promoting Use Of Safety Belts Aug. 18th & 25th**

Lieut. D. B. Mathis is demonstrating the safety belt to Junior Chamber members — George Riddle, President. (19 r.) Gene Chamberlain and George Ponder.

**Mayor Kelley Says—****"Put Hospital Near Most Patients"**

"Discussions about a hospital have emphasized the unanimous opinion that WE MUST HAVE ADDITIONAL HOSPITAL FACILITIES and our hospital will be fully accredited."

"We like the idea of working together for the good of everyone but the feelings existing now, I believe would just bring on more bickering and fussing and we don't need that in a hospital."

"Then too, all of the experts have advised putting any hospital near the folks that will use it."

**1,200 Welcome Glades Guard Unit At Barbecue And Get-Together**

More than 1,200 were fed at Saturday Night's Homecoming for Glades members of the National Guard which had just returned from ten months duty at Fort Lee, Va.

The barbecued chicken prepared by Avery Bass and Charlie Goodlett during Friday night and Saturday was served along with home-cured ham and Cokes by local folks from the Glades communities of Pahokee, Clewiston, South Bay and Belle Glade.

The formal part of the ceremonies was short, with the presentation of the National Colors followed by invocation by Rev. Luther Key.

Lawrence Will, old-time citizen, and Past Commander of Everglades Legion Post No. 20, welcomed the boys back, and the uniformed guard members were represented by Sgt. Dave Bachman.

The Belle Glade Chamber of Commerce performed the coordination of the joint effort by the Glades communities, and Bob Lee acted as Master of Ceremonies.

Mr. Lee says: "A tip of the hat to all those who pitched in to make the occasion a success."

Lieut. Wm. R. Hatten, Commanding Officer of the 149th Quartermaster Company, of which the Glades boys are a member, in a letter to the general communities, says "it will long remain in our memories as a gesture of the heart far exceeding our expectations."

"The Co. says further, 'we are well aware of the planning and hard work involved, and wish to assure all participating that their efforts were most successful.'"

The returning soldiers are appreciating their evening high school. Statistics show that a high school graduate earns \$30,500 more in his lifetime, on the average, than the non-graduate.

The Department of Adult and Veteran Education, Palm Beach County Schools, announces that evening high school and elementary classes will start at 7:00 p. m. Tuesday, September 4, at Palm Beach High School (Garfield Street), Roosevelt High School, Carver High School (Debra Beach), East Lake Shore (Pahokee) and Lake Shore High School (Belle Glade).

Representatives from the College will be at the Belle Glade High School at 7:00 p. m. Friday, September 7, to organize classes for which there is sufficient demand. It is imperative that you be there to register on Friday, September 7 at 7:00 p. m. as this is the only date College representatives will be at the Center for registration purposes.

Belle Glade Jaycees have arranged to sell to the public on two successive Saturdays — August 18th and August 25th — automobile safety belts for \$6.00 with free installation, commencing at 9 a. m. each Saturday, at McArthur's Dairy.

Along with the sale of the belts there will go a free vehicle check and to make the waiting easier, you'll be given a free cake.

Gene Chamberlain, Chairman for this event, says that the part of the national organization, and arrangements are being made to care for whatever crowd appears for the offering.

We are informed that the normal retail price of the belt is \$12.95 and the installation an additional \$2.50; so that the local offering is a real bargain.

**Who Is Confused?**

Consultant Hare is quoted in a Wednesday morning paper as saying "tax levies would be about the same for both proposals."

A Tampa Public Relations firm gets up a release of four pages on Wednesday saying Mr. Hare "taxpayers in the Southwestern District — would pay over a million more a year for hospital operation than if they participated in a joint hospital."

This is typical of the news releases we've been furnished from the joint venture proponents.

**Learn More — Earn More****Elementary And High Night Classes For Adults To Get Underway Sept 6**

Learn more and earn more by attending your evening high school. Statistics show that a high school graduate earns \$30,500 more in his lifetime, on the average, than the non-graduate.

**Two Brothers — 1 And 3 Are Victims****Mother And 16-Year Old Critical**

The death of two brothers, Arthur Stiles three, one-year old Gilbert, their mother, Mrs. Raynold Stiles, hovering near death, and a relative 16-year-old Rebecca Hall also reported most critical: that's the tragic result of a head-on collision on the Croyen-Pahokee road Saturday afternoon.

Another victim, Terry Griffin of Salerno is also in the hospital with major breaks, sprains and abrasions.

Lamar Webb, negro, the driver of the offending car, and his companion, Charles Hae Park, both of Belle Glade were killed instantly.

Cpl. Blocker of the Highway Patrol reports that the shoes of Webb were still in the car, though his body had hurtled away, indicating that the shock of the impact did this.

The report also indicates that the car driven by Webb had crossed the center line by several feet, and the driver of the Stiles car, Miss Hall, had attempted to turn right onto the shoulder of the road to avoid the collision. This was evidenced by rubber left on the highway as a result of braking her car.

The Trooper also reported that the smell of alcohol on Webb's body indicated close contact with a beverage. Skid marks on the pavement plainly show the course of the offending car, and calculations of 30 ft. distance cars ended up after collision, indicate an unusual fast speed of Webb's car.

The road is open, unobstructed and inviting to speeders in the vicinity of the collision.

This week's activity:

Slaughter — Steers and Cows steady; Heifers, Bulls and Calves scarce.

26 percent to Slaughter, 74 percent to Stocker; 27 percent of the run was Cows 54 percent to Slaughter. A total of 555 head (180 calves, 375 others) sold for \$59,844.35.

**Elks To Visit****Harry-Anna Home****At Umatilla, Fla.**

W. H. Buss and members of his committee from Belle Glade Elks Lodge will visit Umatilla Sunday to attend the quarterly meeting of the Home Committee of the Harry-Anna Crippled Children's Association.

The Home is owned and operated by the Florida State Elks Association. In close cooperation with the Florida State Children's Commission, physical and occupational therapy treatments are administered to more than sixty patients and approximately one hundred and fifty out-patients through the facilities of the hospital and the Home Therapy Service program. The professional staff includes highly trained doctors, therapists and nurses.

are conducted on the supervisory study plan which enables each student to work at his own rate of speed. A five dollar registration fee is the only charge for each course of study at the high school level. No fee will be charged for those enrolled in elementary or high school courses.

Arrangements for the payment of this registration fee may be worked out for the convenience of the student. When available, State adopted textbooks are loaned free. When necessary to be purchased, work books and textbooks are sold at school discount prices and students will furnish all other necessary supplies.

Prospective students who plan to register for the first time are encouraged to contact their district education officer as soon as possible in order that ample time will be available before classes start to obtain transcripts from previous schools. Students who have been previously enrolled and wish to

## For Our Community!

THE HERALD has done it's duty — provoked discussion by the community about hospital facilities, quality, convenience costs and more important, "Just What Makes a Community Hospital?"

Another important point given light is "What is the obligation of a board to the taxpayers who support the activities of that taxing board?"

If we've given our readers mis-information, it has not been by design; we are partisan in this question — WE'RE FOR OUR COMMUNITY, without criticism or blame for any other.

The Glades has solved many questions involving Nature and human mistakes — and we'll solve this one.

Get out and VOTE your convictions, and take as many with you as you may — THAT'S WHAT WE'RE DOING.

## Uncle Dan from Doolie Says:

Dear Mister Editor:

Zeke Grubb's preacher dropped by the country store for a spell Saturday night, said the Congress, come Sunday morning, might have to declare his church a disaster area. The trouble all started, he told the fellers, when Ellie Sanders, who does the solo singing in the choir, told him she aimed to do a special for Sunday, one of them new "Gospel Songs" that is sung grand opera style. He allowed as how, when Ellie gets on one of them pieces, she bellers and hollers like a calf lost on the range. The last time she done one of 'em he said, it scared the 'hipcups out of little Susie Plumber. The doctors had been trying to cure her for three days, but it wasn't a net gain, as reported, on account of Susie has had to take them

tranquelize pills ever since. Anyhow, said the good parson, he got Ellie to run over the song for him and he was plum floored at the first note and was still on the floor when she got through. He said it's got about the same tune as that song, "Mama Loves To Twist." He told the fellers he liked that tune pretty good when he was out slopping the hogs or feeding the chickens, but it was a little on the Judaic Isacariot side for the church.

He reported he was dreading the results when Ellie cut loose with that thing Sunday morning. He perked a few of the old folks would faint and the youngsters would start patting their feet. If preachers wasn't so scarce right now, he reckoned the Deacons would give him his walking papers. But he reckoned they would figger he was better than nothing.

## Gambles Attend

### Services In Ohio

### For Mr. Bert House

Mr. and Mrs. W. C. Gamble were shocked and saddened by the death August 8, of their dear friend, Mr. Bert House, 58, of Racine, Ohio.

Word of his sudden death from a heart attack was phoned that that evening and they left almost immediately by car Thursday, attended the funeral services on Sunday and returned home the following Tuesday. Mr. and Mrs. House have visited the Gambles here every winter for the past eight years and are known to several in the area. He was an enthusiastic lake fisherman here.

## Letters to the Editor

### FROM DISTRAUGHT PARENTS!

To The Freeholders and Loved Ones

I know the health of your loved ones always comes first. How many of you feel that the Belle Glade Memorial Hospital meets your standards? I know some of you go to other towns for your surgery and examinations because you find them inadequate here. Is that you?

My son was sent to West Palm Beach by the doctors because they didn't have the proper equipment to perform surgery. He died before he arrived at the hospital. Would he have had a chance if the necessary equipment had been here? Some day your loved ones may be in need. Will the proper equipment be at our hospital? Many have been sent to West Palm Beach or Miami because it wasn't.

I thought the health of a patient came before political pressure to a doctor. I think that the citizens of Belle Glade have nothing to lose and everything to gain in a new well equipped and accredited consolidated hospital.

I think we should share, not take away from, our neighbors. For a consolidated accredited hospital for my loved ones. Are You?

Richard and Iris Hodges.

## Your Library

"Books are light houses erected in the great sea of time." "THROUGH THE VALLEY OF THE WAH" by Ernest Gordon. Dr. Gordon was born in Scotland. During World War I he was Capt. Gordon of the 93rd Highlanders, who had fought through the Malay jungles in Singapore, only to be captured by the Japanese and other British prisoners of war. He was sent to the notorious Changkai camp in Thailand to build the Japanese railroad along the River Kwai. Lying on the floor of the morgue, Ernest Gordon wanted die, then the something happened to halt the Corruption and despair, prisoners began to recall the teachings of their religion. Their faith restored, they organized the camp into service groups — to nurse, to teach and to entertain. Dr. Gordon gives a vivid account of the transformation at Changkai to one of human dignity.

New additions are: WEST-ERN — Warlock — Half Night Marshall — Lomax; Heart's Valley — Overholser; Ocean's Ranger — Routh; Case of the Seven Culvers — Mystery; Boucher; Wreck of the Grey Cat — Graham; Clayner and the Shila — CcCloy; Ripper — Proctor; Canvas Dagger — Reilly; Not Me, Inspector — Reilly; China Cane — Storm; Death Ever Slept — Stout; Brass Halo — Webb; Make Mine Murder — Christie; And Left For Dead — Lockridge; Five of a Kind — Stout; Police Special — McGivern; Bizarre Murder — Queen; Man Who Died Too Soon — Cox.

The Good Parson left a little early, said Ellie put on one of her special he always tried to get up a sermon to match. He cooperated a preacher that didn't coincide with the solo singer in his choir wasn't long for the clergy. The problem now, he said, was to find a short sermon that would match the tune of "Mama Loves To Twist."

Yours truly,  
Uncle Dan

## IN SERVICE

AB Douglas E. Hood

Douglas E. Hood has completed Basic Training at Lackland Air Force Base, Texas, where he has been stationed the past seven weeks.

He has been transferred to Amarillo AFB, Texas, to attend Technical School for about 17 weeks.

He is the son of Mrs. Helen Watson and brother of Joyce and Linda Hood, all of Belle Glade.

Cadet Stephen R. Johnson, 21, son of Mr. and Mrs. Edgar Johnson, Clewiston, Fla., completed six weeks of training at the Reserve Officer Training Corps (ROTC) summer camp at Fort Benning, Ga. Aug. 3. Cadet Johnson is active in the ROTC program at the University of Florida in Gainesville and is a member of Sigma Phi Epsilon fraternity.

He is a 1959 graduate of Clewiston High School.

## 2 Local Youths Join Air Force

Sherrel D. Gambill, son of Mr. and Mrs. Joseph E. Gambill, No. 7 Osceola Center, Belle Glade and Charles M. Walker, son of Mr. Charles Walker, P. O. Box 488, Belle Glade, Florida, enlisted in the Air Force on August 12 at Miami, Florida. After enlistment ceremonies were completed, both airmen were flown from Miami to Lackland AFB, San Antonio, Texas where they are presently undergoing Air Force Basic military training.

Airman Gambill and Walker enlisted in the Air Force under the Air Force Buddy Program which guarantees their basic military training together in the same basic training flight. Both airmen enlisted for the Mechanical Aptitude area and will attend in Air Force Technical Training School after completion of from 5 to 8 weeks of basic training.

Persons interested in the Air Force and training offered in the Air Force are invited to contact Sergeant Johnnie Gautier at the Selective Service Office, here in Belle Glade, any Tuesday from 10 a. m. until 2 p. m. for information without obligation, or contact the Air Force Recruiting Office at Room 208, Post Office Building, West Palm Beach, Florida.

## Suncoast Conference Schedules Being Pinpointed

Within the next week or two the 11 Suncoast Conference high school football squads will be having their first meetings to begin preparations for the league's upcoming 13th campaign, but nobody apparently knows in full just what's going to happen when and where.

Even at this late date, with season openers only a scant 5 and one-half weeks away, the conference schedule still is not jelled. Dates and sites for possibly half a dozen games still haven't been agreed upon. One athletic director recently reported that perhaps as much as half his proposed schedule for the fall still is not assured.

Delaying the final decisions are head coaches and athletic directors who have been away for summer schools or vacations and are just now returning. All 11 directors are being polled this week to fix the schedules, but the problems may not be settled until the conference's fall meeting slated for Sept. 14 will present its report.

As it stands today, opening night, Sept. 14 will present seven games. Three conference contests will send Riviera Beach to Stuart, Ft. Pierce to Forest Hill (WFL) and Clewiston to Seacrest. The latter game on the card adopted last spring was set Oct. 26, but subsequently was changed to opening night New Member Palm Beach, Belle Glade, Pahokee and Vero Beach will start with non-league opponents. Lake Worth alone will play its opener a week later with Palm Beach.

Contributing considerably to the unprecedented scheduling difficulties was the admissions to the league last year of Palm Beach and Vero. Palm Beach had been a Gold Coast Conference member and Vero is a Suncoast charter member who went independent two years ago. As a result the Suncoast is only one school short of its record membership of 12. When this situation existed the number was recognized as too bulky and the league was split into divisions. Another such split finds little favor in the group now, but on the other hand league rules require each school to play all of the other 10 which in football leaves no room for non-league games, de-sirous as they may be.

Therefore this fall it will remain a nine-school championship race because neither Vero or Palm Beach will play all of their league mates. Vero will play only four of them. Palm Beach possibly six. A 1963 tentative schedule has been

this upset is expected at the Sept. 1 meeting. At least part of Clewiston's objection was that the required 20 cage encounters virtually eliminates chances of playing non-leaguers.

A feature of the upcoming season will be three new men in head coaching positions. Jim Maynor will direct Palm Beach's football fortunes after a long tenure at Belle Glade and at Pahokee before that. Jack Strucher has the head job at Ft. Pierce. Dan McCarthy replaces Larry Slay who is now exclusively athletics director after 15 years at the Eagles' helm. Harry L. "Red" Davis replaces Maynor as the Rams' leader after being a Maynor assistant.

## VOTE FOR NEW HOSPITAL - AT HOME

1. An Independent and unbiased consultant states that a NEW HOSPITAL IN OUR OWN DISTRICT will draw AS MANY OR MORE SPECIALISTS, and provide AS MANY SERVICES as the proposed joint hospital.
2. We can have A LARGER HOSPITAL AT HOME, FOR NO MORE MONEY.
3. Our Southwest District and present hospital IS eligible for government (Hill-Burton) funds; the Northwest District IS NOT eligible by itself.
4. Our population in the Southwest District is 2 to 3 times larger now and growing several times faster. We can support OUR OWN HOSPITAL.
5. Our district taxes would pay for about 67% of the proposed joint hospital at present assessments, and probably 75% or more by the time it could be built.
6. We do NOT want to assume the debt on the Everglades Memorial (Pahokee) Hospital. We do NOT want to abandon our present hospital and grounds worth at least \$300,000.00.
7. Independent consultant recommends the PRESENT SITE of the Belle Glade Memorial Hospital as the PREFERRED SITE for ANY hospital serving the area.
8. Our present site is MORE ACCESSIBLE to the major highways and provides FASTER EMERGENCY SERVICE to patients. It is in the CENTER OF POPULATION.
9. No care would be provided by a joint hospital that cannot and will not be provided by a hospital AT HOME.
10. A new hospital is GOOD BUSINESS for the community and GOOD for the COMMUNITY BUSINESS.

Present and past Mayors of Belle Glade and South Bay, the Belle Glade Chamber Of Commerce, Belle Glade and South Bay Businessmen and Civic Leaders, the Medical Staff of the Belle Glade Memorial Hospital, and the Taxpayers League—

*urge you to VOTE on August 21st.*

**FOR:** A NEW HOSPITAL of 75 beds, with new core facilities, which added to our present 45 beds will give us a 120 BED HOSPITAL IN OUR OWN DISTRICT

**NOT:** The consolidated hospital of 100 beds to be built SOMEWHERE between Belle Glade and Pahokee

# GLADES CHURCH NEWS

The Herald welcomes news items from your church each week. Call WYman 6-2666 not later than Tuesday noon for publication Thursday. KATHLEEN LIVINGSTON, Church Editor

## Special Week For Baptist Juniors August 19-24

August 19-24 is a special week for Juniors of the First Baptist Church.

Each afternoon from 5:00 until 7:45 a special program will be held for all Juniors now enrolled in the Sunday School.

The program each night, will consist of study, fun, time, supper, and a talk with the pastor.

## Mrs. Frances Blake Joins Church Staff

Mrs. Frances Blake has joined the First Baptist Church staff as secretary.

Mrs. Blake has served in a similar capacity in an Insurance Office and News Agency in Cleveland and Ocala respectively. She is an active Baptist, thoroughly familiar with the church program.

Mrs. Blake is married and has one daughter 15 months old. She and her family live in South Bay.

## Training Union Leadership School August 20 Thru 23

All new Training Union Workers of Belle Glade First Baptist Church are urged to attend the Training Union Leadership School, August 20-23 at First Baptist Church, Pahokee, Monday through Thursday from 7:30-9:30.

An invitation to participate in this school has been extended by Big Lake Association, sponsors of the training program.

Mrs. Grady Downs, Minister of Education, First Baptist Church West Palm Beach, will conduct the course for general officers and adults.

Mrs. Lee Gaban, will work with leaders of young people, Frank Wesley with the intermediates, Mrs. R. C. Epperson with the Juniors and Mrs. O. Frank with Primaries. All are State approved workers.

Miss Elizabeth Painter will conduct the Beginner and Nursery group instructors' program. A place will be provided for all children who might be going with their parents.

The men who are really busy have the most leisure for everything.

—James Pryn

### HOW CHRISTIAN SCIENCE HEALS

"WHAT SHALL I TELL MY CHILD ABOUT GOD?"

WSWN Sundays 12:45 p.m. 890 k.c.

### TODAY'S meditation

THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

Read John 21:15-19

Lovest thou me? ... Feed my sheep. (John 21:16).

We have eight small grandchildren, and my husband is a wonderful grandpa. About twice a month he sends each child a picture post card. When he goes to see them, he takes them presents — all alike.

"No," he replied, "I love them all alike, but she shows her love for me more than do the others."

I feel sure that our Lord loved all His disciples equally, including Judas. Yet it is said of John that he was "the disciple whom Jesus loved." I wonder if it was because John showed his love to his Master more than the others did.

God loves us all equally, whatever the color of our skin, whether we are sinners or saints. But I think it makes a difference in our relation to Him when we love Him and show our love.

PRAYER: O Lord, Thou who dost love impartially because Thou art divine, we are grateful for Thy love for us. Help us to increase our love for Thee that we may not falter or fail in following in the Master's footsteps. In His name. Amen.

I can gladden the heart of my heavenly Father by showing my love for Him today.

—E. Jean Pawson (England)

## Baptists To Hold Prayer Retreat Today And Friday

The Woman's Missionary Society is sponsoring a Prayer Retreat today and tomorrow mornings (August 16-17) at Belle Glade First Baptist Church with the theme "I Choose Thy Will."

"Too often we fail to take time out to be with God. These two mornings are planned to be a relaxing unhurried prayer time," the leaders explained.

In charge are Mrs. R. Zeigler and Mrs. W. E. Schlechter, Sr., who announce the following schedule.

**THURSDAY - Aug. 16**  
In Fellowship Hall  
9:30 a. m. Personal Meditation  
9:45 a. m. Directed Meditation  
10:15 a. m. Intercessory Prayer  
10:30 a. m. Prayer Research  
11:00 a. m. Reports and Prayer Requests

**FRIDAY - August 17**  
at Belle Glade Dock  
6:00 a. m. Directed Meditation  
8:30 a. m. Devotional  
8:45 a. m. Private Meditation  
9:15 a. m. Prayer Experience Shared  
8:00 a. m. Benediction

Tonight from 7:00 'til 9:00 p. m., the entire church is requested to come and pray in Fellowship Hall. No speaker or program is planned. The membership is asked to come and kneel in prayer as you wish in the prayer room located in Fellowship Hall.

**Sunday Exercises Close Bible School For Lake Harbor**

The Bible School sponsored by the Baptist and Methodist Churches at the Baptist Church in Lake Harbor closed Friday night. The Commencement was Sunday night. The average attendance was thirty-four for the two weeks.

There were four classes with Mrs. J. E. Hester teaching the primary; Mrs. Jake Newman, the intermediate; Mrs. H. F. Williams and Mrs. J. A. Henderson, the Junior; Miss Jan Boljanyi, the Intermediate. Miss Mary Ruth Rogers was secretary and treasurer. Mrs. John D. Hemphill was principal, and Jan Bottoms was recreational leader.

Following the program given by the children, Mr. H. F. Williams presented certificates. The arts and crafts were displayed in the individual class rooms.

### A Prayer

by Peter Marshall

Our Father, we are beginning to understand at last that the things that are wrong with our world are the sum total of all the things that are wrong with our individuals. Thou hast made us after Thine image, and our hearts can find no rest until they rest in Thee.

May we be willing to stop their feverish activities and listen to what Thou hast to say, that our prayers shall not be the prayers of night letters, but conversations with God.

This we ask in Jesus' name. Amen.

Time and goodness determine greatness. —Mary Eddy Baker

In truth, people can generally make time for what they choose to do; it is not really the time but the will that is lacking.

—Sir John Lubbock

## St. John's Vacation Church School Today Concludes Ten Day Session

St. John's Episcopal Church conducted a ten day Daily Vacation Church School today, marking a lively course of study and work with arts and crafts related to lessons, as well as music for singing and dancing, games and refreshments.

Planning and superintendence was under the leadership of the vicar, Mr. Lossing.

Committees serving in the various capacities were: Music, singing and dancing, by Mrs. Roy Kimberly, assisted by Miss Margie Townsend; refreshments by substitutions, Mrs. J. A. Young of Pahokee, Miss Connie George, Miss Dawn Hill. Teachers were the Misses Janet Ludlow, Judy Zumpf, Linda Levey, Claudia Ludlow, and Shirley Young of Pahokee. The Arts and Crafts were supervised by Mrs. Mary Ruth Rogers.

Presentations and concluding exercises are to mark the concluding half-day church curriculum today, with parents attending a tea at the church.

**SERMON TOPIC:** "The Prodigal Son — and the Spirit to do and think aright."

## Belle Glade Site Selected For LDS Church Building

Harry B. McClure of Salt Lake City, Utah, was in Belle Glade last week to address members of the Church of Jesus Christ of Latter Day Saints at a special called meeting held at the Army Thursday night.

Mr. McClure is head man in charge of church property and makes selection of building sites, subject to approval by top church authorities.

We adequate funds to begin their building here, a decision on which of the two pieces of property purchased by the church as building sites at the Glades branch, was the deciding factor. Choice property near the school in South Bay was deemed adequate for the building expansion. A 2 and one-half acre tract owned by the church in the Northeast section of the Glades branch, top recommendations by church authorities and was given a majority vote by members at the meeting.

Other out-of-town visitors here to talk to the group were Paul R. Chessman, Miami Stake President, Coleman H. Smith, First Counselor and Clyde E. Johnson, Second Counselor to the Stake President from Miami.

The meeting was conducted by Elder J. K. Davis, Branch President.

### Hospital Notes

Admitted: Lorraine Valentine Anna Henderson, Walter Copledge, Ruth Ash, William Evans, Vessie Oker, Virgil Neisler, Vera Jones, Ruth Mock, Roger Coonan, Betty V. Borroughs, Roger G. G. Evelyn Lynch, Cecil Cross, Dottie Thornberry, Terry Griffin, Rancilla Stiles, Francis Hall, Carolyn Langdale, Thomas Weekly, Ralph Causeaux, Earl Brown, Flora Sullivan, Sadie King.

Remaining: Nadine Gambill, Jessie King, Evelyn Davis, Lotie Mae Joy, Nettie Mathis, Sadie King, Walter Copledge, Vera Jones, Ruth Mock, Roger G. G. Evelyn Lynch, Cecil Cross, Dottie Thornberry, Rancilla Stiles, Francis Hall, Carolyn Langdale, Thomas Weekly, Ralph Causeaux, Flora Sullivan.

## Population Center (Continued From Page One)

Mr. J. Avery Bass, Chairman Hospital Taxpayers League, Southwestern Palm Beach County Hospital District, Belle Glade, Florida

Sir:

This report is offered in response to your expressed desire for a prompt and concise survey of hospital and medical facilities in the Southwestern Palm Beach County Hospital District. Your request, made in the light of current proposals for changes in these facilities, was for recommendations which might be beneficial to the taxpayers and all citizens of this district.

It is understood that on August 21st the members of the district will, in effect, choose between these proposals: (a) the construction of a new 75 bed hospital on the site of the present Belle Glade Memorial Hospital, plus the renovation and modernization of the pre-existing facility to minimize of 110 beds or (b) the construction of a new 100 bed joint hospital to be located midway between Belle Glade and Pahokee.

The conclusions herein stated are based principally on the following inquiries and investigations:

1. Through the cooperation and courtesy of Mr. Close, chairman of the hospital board and Mr. Saunders, hospital administrator, the grounds, physical plant and equipment of the Belle Glade Memorial Hospital were inspected and information was secured regarding administration, operation, medical and nursing services, clinics and medical records.
2. Conferences were held with Messrs. Close, Berryhill and Poston as members of the hospital board; with physicians on the hospital staff; local businessmen; civic leaders and with unidentified men on the street.
3. Statistics were examined relating to population, distances, property evaluation, taxes and other pertinent data.
4. Several trips were made between Belle Glade and Pahokee; the proposed joint hospital site was inspected and a lengthy airplane flight was made in order to visualize the entire western area of Palm Beach County.

It is believed that a detailed

study into all aspects properly within the scope of this survey would entail research extending over a period of many months. In as much as time is of the essence, a limited investigation was made and the following observations are submitted, as being rapidly apparent:

(See Page One For Omitted)

It is recommended that the necessary steps be taken without delay to modernize and renovate the existing Belle Glade Memorial Hospital in order to correct any sub-standard condition which may exist. It is essential that the facility be operated during the long interval which will elapse before any new hospital can be ready for occupancy. This recommendation applies regardless of the August 21st star ballot.

Thanks are extended to all those who have given so freely of their time, advice, efforts and substance that this study might be completed in such a short time. These investigations have shown that men of integrity with honest opinions may be on opposite sides in this controversy, yet all appear to be striving to attain the same goal, which is to secure for the community the best hospital and medical care at reasonable cost.

Respectfully submitted,  
Richard L. Martin

### Carl Barber Dies Buried In Orlando

A former resident and a well known cattleman, Carl Barber was buried at Orlando Sunday; he died last Thursday.

The Barbers, father and son Henry developed pastures and were active in beef production.

The three grandchildren surviving are Jane, Elizabeth and Davey Barber; live with their mother, Mrs. Mable (Mrs. Henry) in Orlando.

A surviving daughter, Mrs. Theodore Vickery live at Christmas, Fla.

## Officer Burns Addresses Local Legion Post

At the last regular meeting of Everglades Post 20 Officer Richard Burns presented his views and opinions on his one-man committee for a bonus for World War II and Korean Veterans. The very informative talk by Officer Burns was aided by a question and answer session with the membership. It was brought out that all efforts along this line would be aided by a question and answer session with his congressman. The members of the local Legion Post made a motion to back Officer Burns' campaign. A resolution is to be prepared by Post 20 and presented on the floor at the American Legion National Convention at Las Vegas.

## Mr. and Mrs. James C. Schoepel

Miss Roba Jane Steele became the bride of James C. Schoepel in quiet intimate ceremonies at First Baptist Church August 5th. The young couple returned last week from a honeymoon at West End, Bahamas, and have gone to Miami to make their home. Mr. Schoepel is employed as lab technician at a dentist's office there.

## Everybody Plant Amaryllis!! Make Belle Glade City Of Amaryllis!

In a report to City Manager Owens, W. L. Cunningham reports progress on a plan to "Make Belle Glade the City of Amaryllis Lilies as suggested by Mrs. Ruth Wedgworth," as well as the establishment of a City Nursery.

The Superintendent of Buildings and Grounds informs the City Manager that he has made arrangements to secure 500 corms for seed, and is in process of securing a bunch of native tree, such as Magnolia, Dogwood, native, and hybrid Hail, and others.

He is also seeking information and seed from the State Horticultural Department for ornamental trees.

Also, the Superintendent reports that park plans have been completed and work should begin in October for plantings in Lyons Park, Lake Shore Park, City Hall, Water Plant and the Sewerage Treatment Plant.

"If we can get the cooperation of the public," says the Superintendent, we may "make our city the most beautiful in the County."

Manager Owens heartily seconds Mr. Cunningham's suggestions for public cooperation.

BC NOTES

Mrs. Frank Prevatt visited last Thursday with her mother, Mrs. Rose Armstrong, and daughter and son-in-law, the Mack Roberts. The little grand daughter, Donna Roberts, was brought home after a week with the grandparents. A neighbor, Mrs. Charlie Bissol, of Indianapolis accompanied Mrs. Prevatt.

Mr. and Mrs. Clarence Throop and son Kenny are spending a week in Ft. Myers Beach.

Mrs. Charles Duxbury and son are back home after spending a week with her sister and family the James M. Shivers 5th. The visit was timed to welcome the Shivers' third daughter, Julia Ann, who arrived at St. Mary's Hospital August 4th.

## Birthday Dinner

### Sunday Honors Two

Mr. and Mrs. Jack Hollingsworth entertained at a beautifully appointed dinner at the Clewiston Inn Sunday noon, honoring the birthdays of his mother, Mrs. F. E. Hollingsworth Sr., and their daughter, Miss Vicki Hollingsworth.

Guests, besides the honorees, were Mr. Jack Brandon of Clewiston, Dr. and Mrs. H. F. Henry of Lake Worth, Mr. F. E. Hollingsworth Sr., and Gene Hollingsworth.

## District Meeting

### Af BPW Is Aug. 19

### At Vero Beach

Vero Beach Business and Professional Women's Club will be hostesses at the District Meeting held in their city on Sunday, August 19th.

Registration will be held at 9:30 at the Community Building, 14th Avenue (center of town across from Court House), where coffee will be served.

A board meeting will be held from 10 to 10:30.

From 10:30 to 11:30 a Work Shop on Programming will be conducted with Bea Freede, first vice president of Florida Federation of BPW Clubs as speaker.

A business meeting from 11:30 to 12:30 will be followed by luncheon at Rotal Park Inn.

President-elect Helen Paredas will give the luncheon address.

## September Wedding

### Plans Revealed By Miss Challancin

The marriage of Miss Joyce Mae Challancin to Kenneth Cloyd Hale will be solemnized Saturday, September 1, at 8:00 o'clock at First Baptist Church, South Bay.

The bride-elect is the daughter of Mr. and Mrs. Louis Challancin, South Bay. He is son of Mr. and Mrs. Selven Hale of Smithville, West Virginia.

Reverend James A. Fenton, pastor of the South Bay Baptist Church, will officiate in the double ring ceremony.

The young people, both employed at Glades Correctional Institution, announced their engagement last September.

Attendants will be announced later.

## Coral Gables Girl

### Bride Of Al Kahn

Announcement here this week revealed the August 10th wedding of Las Vegas, Nevada, of Miss Lois Kahn, daughter of Mr. and Mrs. Leo Kahn of Coral Gables to Alfred Kahn, son of Mr. and Mrs. Joe Kahn, Pahokee and Belle Glade.

The bride is a graduate of the University of Miami where she was a member of the Sigma Delta Tau Sorority.

All well known here as manager of his father's Belle Glade plant, Mr. Kahn is employed in the production department of Catalina Sportswear. His bride will be teaching school this year in Los Angeles.

(No one in the Herald has been named an error in the bride's name... and again... no, the bride is not a relative.)

## Glades Families

### Attend Mercer

### Reunion In Ga.

Mr. and Mrs. Omar Nelms attended the Mercer family reunion at Memorial Oak State Park, McCrae, Georgia, August 5, celebrating the 85th birthday of Mrs. Nelms' mother, J. H. Mercer.

Mr. Mercer is the father of twelve children, who with their families were all present, including 23 grandchildren and 21 great-grandchildren.

Jerry Mercer of Belle Glade is one of the sons who attended. Other relatives from here were Mr. and Mrs. Nelson Nelms and family, Mr. and Mrs. Paul Jackson and family and Mrs. J. D. Brooks and two children.

Mr. and Mrs. Omar Nelms and Mr. and Mrs. Nelson Nelms were guests at the D. C. Nelms home in Macon, Georgia.

## Donna Causey

### Is Engaged To

### Glenn E. Bair

Mr. and Mrs. Don H. Causey of Belle Glade, announce the engagement of their daughter, Donna Maria Causey, to Mr. Glenn Eugene Bair, son of Mr. and Mrs. Howard E. Bair, Belle Glade.

The wedding will take place in October.

Miss Causey is a graduate of Conway, South Carolina High School, class of 1961, and that time has worked at Belle Glade Memorial Hospital and Florida Precooking Company. She is presently in Batesburg, S. C., but will return here in September.

Mr. Bair is a graduate with the 1960 class of Belle Glade High School and, while working with his father in the Radio Repair business, has been enrolled with the Glades Division of Palm Beach Junior College.

A low arrangement of white stock, spider mums and white gladioli as a centerpiece for the luncheon table, held suspended white frosted wedding bells with shower ribbons extended to each plate.

Others in the party were Miss Carolyn Miller, Miss Cynthia Tuberville, Miss Jimmy Leigh Mills, Mrs. Renee Lee, Mrs. George Mills, Mrs. Vernon Henderson, Miss Juanita Henderson, Betsey Crissman and Judy Lynn Daniels.

An orchid corsage was presented to Miss Mills.

## Calling Shower

### Thursday Evening

The home of Mrs. A. B. DeGraw, 216 N. W. Avenue D, was the scene of a calling shower for bride-elect, Miss Georgiann Mills, from 7:00 to 9:00 last Thursday night.

Crystal candelabra and a beautiful arrangement of white roses, Presiding at the sit tea service were Mrs. Duzber Buss and Mrs. Edna Bass. Cake was served by Mrs. Mary Jo Carruthers.

About 60 friends of the young couple called from 3 to 5 o'clock. The many lovely gifts received were opened and displayed.

Miss Cross left on Friday for Eglin AFB where her fiancée is based to help in the selection of their future home. She has been the guest of his brother and family A/3c Albert and Mrs. Mann and is expected to return home tomorrow.

## Miss Kay Cross

Miss Kay Cross, whose marriage to A/3c Thomas Wayne Mann will take place September 2, at Belle Glade, First Baptist Church, was complimented with an afternoon bridal shower last Wednesday, Aug. 8th.

Given at the home of Mrs. West Jones other hostesses were Mrs. Laura Crews, Mrs. Virginia Anderson, and the Misses Pat Anderson, Jackie Croft and Cathy Rabinowitz.

A beautiful cut-work embroidered cloth covered the serving table which was centered with an arrangement of pink roses. Presiding at the sit tea service were Mrs. Duzber Buss and Mrs. Edna Bass. Cake was served by Mrs. Mary Jo Carruthers.

About 60 friends of the young couple called from 3 to 5 o'clock. The many lovely gifts received were opened and displayed.

Miss Cross left on Friday for Eglin AFB where her fiancée is based to help in the selection of their future home. She has been the guest of his brother and family A/3c Albert and Mrs. Mann and is expected to return home tomorrow.

Mr. W. W. Matthews returned Tuesday night from North Carolina where he spent several days with his family who are vacationing in the Hendersonville area.

Mr. and Mrs. Frank Anderson and daughter Pat are spending a week at Howey-in-the-Hills, where Pat is conducting classes in Baton Twirling. They are reportedly enjoying days swimming and fishing in the area.

Mr. and Mrs. R. L. Litchfield are expected home Saturday from Havelock, N. C., where they have been vacationing.

## Series Of Parties Compliment

### Bride-Elect Georgiann Mills

The past ten days have marked many parties complimenting Miss Georgiann Mills, bride-elect of Jeff Thomas, who will be married tomorrow night 7:00 o'clock, at the First Baptist Church.

Assorted openhouse sandwiches and cookies were served the guests with their coffee.

The bride-elect opened and displayed the many lovely gifts. Others attending were Mrs. Douglas Lee, Mrs. Vernon Henderson, Miss Carolyn Miller, Mrs. Ronnie Cameron, Miss Donna Armstrong, Mrs. James Chumbley, Mrs. Jerry McKee, Mrs. B. Smith, Mrs. Dianne Hawkins, Mrs. Erel Mixson and Miss Frances Fontaine.

## Miss Louise Volk

### Engagement Told

Mr. and Mrs. Berthold Pelka of South Bay, announce the engagement of their niece, Miss Louise Volk, daughter of Mr. and Mrs. Ludwig Volk of Gruenewort, Germany, to S-Sgt Boris Patra, son of Mr. Albertina Patra of Prague, Czechoslovakia.

The parents of the bride-to-be arrived Sunday from Germany, and are staying with the Pelkas. Miss Louise came to the states eight years ago and has made her home with her aunt and uncle while assisting them in their business. She attended schools in Germany.

S/Sgt Patra is based at McCoy Air Force Base, Orlando. He was schooled in Prague, Germany, attending Charles University there. He also attended Rollins College at Winter Park, studying toward a degree in Law. He came to the United States eight years ago and has been in U. S. Service for seven years.

The wedding date will be announced later.

## Elementary And High

### (Continued From Page 1)

continue their studies are encouraged to register by August 20, at the latest, if they wish to enter in September. Students may enroll during the first week in each month during the school year when all forms and previous credits have been processed. Students should contact the Adult Education office at least two weeks in advance of the time they plan to enroll in

order for these records to be obtained and processed on time.

A new feature in the evening adult high school this year will be the thirty-hour unit on Americanism versus Communism that is now required by State law for every student prior to receipt of a diploma.

For further information, contact the Department of Adult and Veteran Education 721 Gardemia Street, or call Miss McLean, Temple 2-3446.

## Something you should think about if you're about to buy a truck:

If all trucks were built the same way, cost the same to keep up, were worth the same at trade-in... then probably we price tag would be your only concern. Of course, because some trucks are quality than others. And marks to quality are the real keys to low cost. Chevrolet trucks, for example, have double-wall construction, which gives bodies and cabs more strength. Cabs are insulated against heat, cold and noise. A big part of road shock, which shortens truck life, is damped out by Chevrolet's suspension system; it also makes riding in the truck a pleasure. Pickup bodies and cabs are separated to eliminate stress between them.

Value such as this has induced more people to invest in Chevrolet trucks every year since 1937.

This can be a good time to buy a modern new Chevrolet truck.

Late summer traditionally is the season for all-around savings on a new Chevrolet truck... selection is still good... deliveries are prompt... and Chevrolet dealers are doubly anxious to put you into a new vehicle in order to make way for next year's models. Coupled with the efficient performance a new Chevrolet truck will give you, it seems evident that you couldn't buy at a better time. Come in and take full advantage of it!

## Medical Scientific Research In Fla. Has Brought Millions In Grants

Scientific research supported by Government contracts is a multi-million dollar business in the State of Florida according to figures released by Congressman Paul Rogers of the Sixth District and Dante B. Fassell of the Fourth District.

The two men, who have been strong advocates of medical and scientific research programs in the House of Representatives, said that Florida has received

\$20,133,709 in research grants from nine Federal agencies since 1955 when they came to Congress.

This total, Rogers and Fassell said, included \$6,211,752 to the University of Miami; \$6,033,434 to the University of Miami; \$2,983,153; and \$4,906,370 to various hospitals, industries and individual doctors.

The Congressmen said that the research contracts are awarded by the Department of Health, Education and Welfare — National Institutes of Health, Department of the Army Medical Research Office of Naval Research, Atomic Energy Commission; National Science Foundation; the Department of the Air Force, Aerospace Research; Corps of Engineers, National Aeronautics and Space Administration; and the Department of the Air Force, Aviation Medicine.

During the current fiscal year research contracts from these agencies for work in Florida total, \$9,507,502. This includes the University of Miami, \$2,371,626; University of Florida, \$2,841,000; Florida State University, \$1,372,059; and \$2,922,817 in other contracts.

Congressman Rogers and Congressman Fassell pointed out that a total of \$11,677,180 is allocated to the State of Florida by the nine agencies for future work in the State of Florida. Of this amount, \$2,713,729 is committed to the University of Miami; \$3,531,156 for the University of Florida; \$1,381,082 to Florida State University; and some \$4,049,213 in contracts to hospitals, industries and individual doctors. Both Congressmen pointed out that this total is by no means the total future amount for the State, but represents only monies already programmed. They said the expanding research facilities in the State definitely mean that more and more research contracts will be awarded in the area in the future.

Examples of research projects being conducted at the University of Miami include such studies as Adrenocortical Activity in Chronic Pulmonary Emphysema and Peptic Ulcer; Adrenal Response to Acute Illness in Infants and Children; Cooperative Clinical Evaluation of Anti-Tumor Drugs; Integrated Program of Research in Cancer Chemotherapy; and Studies and Aging and Its Cardiovascular Complications.

Thomas J. Sheehan, ornamental horticulturist with the Florida Agricultural Experiment Stations has been trickling plants into thinging it's daytime around the clock.

They do this by exposing the plants to flashing artificial lights at night. Even though the plants are exposed to light only one tenth of the time, they react as if the light was on constantly. That is, they don't bloom.

There are many plants that can not flower without long periods of darkness. Commercial flower producers are already using constant artificial light during hours of darkness to keep certain plants from blooming until the period of greatest market demand.

Junior Medovz high game 226 pts.

## 4-Hers Sew 3 Million Pieces Yearly

When 4-H Club girls turn out more than 3 million pieces of sewing annually, it's sure a sign that they like to sew.

A recent survey made by the Cooperative Extension Service shows that girls enrolled in a 4-H Clothing program completed more than 1 and one-half million dresses, coats, suits and miscellaneous attire, and about the same amount of household articles such as draperies, pillowcases, spreads, covers and the like.

Before the girls can make these things, however, they must learn how to use a sewing

machine. And they do. The local volunteer 4-H Club leader does the "showing how."

Where does the local clothing leader get the up-to-date knowledge she passes on to her young counterparts? At Singer Sewing Centers or some other designated place where she takes a 4-H course called "Getting the Most Out of Your Sewing Machine."

This special training is a cooperative effort of the Singer Sewing Machine Company, the Extension Service and the National 4-H Service Committee. Since the program was first introduced in 1955, some 60,000

## Profit Sharing Bonuses Distributed To 3,913 Eligible Kwik Chek Employees

Employees of Winn-Dixie and Kwik Chek Food Stores have received \$893,432 in profit sharing bonuses, according to an announcement by C. W. Waldorf, vice president and divisional manager of the firm's Miami Division.

The distribution of funds was made to 3,913 eligible employees of the Winn-Dixie Employees' Profit Sharing Program. Employees become eligible to participate in the program after completing five years' service with the company.

Each year, the firm sets aside a portion of its profits for distribution to employees under the program. A portion of the funds is paid in cash and the balance credited to individual trust ac-

counts for retirement benefits. It is estimated that an additional \$2,000,000 will be allocated to participants' retirement accounts for the firm's current fiscal year which closed July 1. The assets of the retirement fund held by the trustees now are in excess of \$25,000,000. Participating employees are not required to contribute any part of their salary to the retirement fund.

The profit sharing program is part of the overall employee program of Winn-Dixie which also includes life, health and accident insurance, sick pay, stock purchase plan and a college scholarship program for children of employees.

The company operates 561 Winn-Dixie and Kwik Chek supermarkets throughout the South east.

## Your Help Needed

### Pre-School Sessions Open Tuesday Housing Critical For New Teachers

New teachers for Belle Glade Schools are coming in this week and those previously on the staff returning from vacations and will report for work at 8:30 Tuesday morning, August 21st. Following the general orientation session at the school, teachers will go to Forest Hill High School Tuesday afternoon for the County-wide general meeting. Departmental pre-school sessions will be held through August 31st.

"Housing for our teachers is again a real problem this year," principal Pellon Morris said, "Last year we lost teachers on this account and this year the picture is no better."

Mr. Morris urges those with rental facilities to get in touch

with his office. Your help is needed to provide teachers with suitable living quarters.

General registration for all school students will be held August 30, Principal Morris announced.

## Blood Typing

(Continued from Page One)

Complete lists of all eligible donors and their blood types will be furnished to both hospitals in the Glades area and will be on file at the hospitals and the American Legion Post for emergency purposes.

This typing project is intended to bring up to date the Walking Blood Bank Program of the American Legion and to insure that all previous typing and records are complete and up-to-date.

The very serious automobile accident in the Belle Glade area this past weekend has brought to mind again that since the Glades area does not participate in a regular blood bank program, the Walking Blood Bank must be kept current.

All members of both the American Legion and Auxiliary are urgently requested to attend this meeting.

THE BLOOD WE GIVE MAY LET YOU LIVE!

## PUBLIC NOTICE

**LEGAL NOTICE**  
Invitation To Bid  
City of Belle Glade

SEAL-BIDDER: The City of Belle Glade, Florida, is soliciting bids for the construction of a new building for the City of Belle Glade, Florida, located at the intersection of U.S. Highway 1 and U.S. Highway 19, in the City of Belle Glade, Florida. The building is to be a two-story structure, approximately 10,000 square feet in area, and is to be used for the City's administrative offices. The bids are to be submitted to the City Clerk, City of Belle Glade, Florida, at the City Clerk's Office, located at the intersection of U.S. Highway 1 and U.S. Highway 19, in the City of Belle Glade, Florida, on or before the date of the opening of the bids, which is set for the 10th day of September, 1962, at 10:00 o'clock A.M. The bids are to be sealed and marked "BID FOR THE CONSTRUCTION OF A NEW BUILDING FOR THE CITY OF BELLE GLADE, FLORIDA" and are to be accompanied by a check or cash in the amount of \$10,000.00 as a guarantee of the bidder's ability to complete the work. The City reserves the right to reject any and all bids and to accept or reject any and all bids in whole or in part, and to award the contract to the bidder whose bid is deemed to be the most advantageous to the City. The City also reserves the right to cancel the bidding process at any time without notice.

**WANTED** — Small boat, 9 to 12 ft. in length call 824-4723. 8-16-62

### More Aid For Lantana T. B. Hospital And Veterans' Hospital Badly Needed

In a recent communication from Mrs. Zoua Spence, district American Legion Auxiliary representative for the South Florida State Hospital in West Hollywood, Florida, she has expressed the appreciation of the veterans in the State Hospital for the help and contributions from the Auxiliaries.

She also states: "There are as of this date, about 200 men and 6 women veterans now hospitalized, nearly all are residents of towns and cities in the counties of Palm Beach, Broward, and Dade. Many of these men and women are with out funds, family or friends — some have service connected disabilities and many do not."

More and more patients are being sent to the state hospital each month — need for continued help still exists. The hospital staff needs the help and understanding of all community, church, fraternal, civic as well as military organizations if the total patient population, including our veterans, are to be helped.

The following items have been requested by numerous veterans and are not obtainable thru appropriated state funds — all are urgently needed now — next week — next month and certainly at Christmas, by the veterans.

Playing cards, table games, checkers, monopoly, dominos, hobby kits, personal toiletries — urgently needed — shaving cream, lotion, blades, talcum tobacco, cigarettes, matches, cigars, pipes — Stretch Sox, T-shirts, Terry cloth, bedroom slippers for WWI and Span. Amer. vets) Visored caps, raincoats, socks. Men's used shoes, especially very large sizes. Ladies' cotton wash dresses — extra large sizes only.

Mrs. Jean Mahoney, district American Legion Auxiliary representative for the Tuberculosis Hospital at Lantana has stated that there are 58 veterans at the Lantana Hospital. She said there was an emergency need there for personal toiletries and pajamas of all sizes. The local Everglades Post 20 donated \$44.00 worth of toothpaste, shaving cream and razor blades to the Post Auxiliary unit to deliver to the Lantana Hospital. This has already been done. There still exists the need for pajamas and the need for toiletries will still go on.

Any and all donations from individuals or organizations will be greatly appreciated. Any donations may be delivered to Mrs. Colleen Motes, President of the Auxiliary Unit of Post 20 and further information may be obtained by calling her at WY 4-5431.

**Florida Drink—**  
8,000,000 Gallons Beer In July

Florida's beverage department says that 8,000,000 gallons of beer was sold during July in Florida, and attributes that fact, plus more and more smoking with consequent taxes, to account for a large increase in taxes for July.

Palm Beach County collected \$683,232 in sales tax, and received back from gasoline taxes \$139,261 before the ad-

**Walk On Green**  
Scheduled For Aug. 22  
Richard Mole, Chairman of the "Walk On Green" project for the Belle Glade Jaycees, appointed August 22nd as the date for this important undertaking. This project consists of painting green all the crosswalks of the local schools. This project is also designed for the safety of all grade school children.

The Jaycees also voted unanimously to cooperate to the fullest extent in the administering of the Sabin Oral Vaccine. The Jaycees believe that this is one of the greatest projects ever to be established in Palm Beach County.

### Air Force Launches New Drive For Volunteers

Local U. S. Air Force Recruiting Sergeant Johnnie C. Gaultier announced today that the Air Force has launched a new drive for volunteers in the Belle Glade, Florida area. Despite the fact that the fiscal year that ended on June 30 was one of the most successful recruiting years in memory for the Air Force, more men are still needed.

Now we are able to orbit the earth, enjoy intercontinental TV programs and many other scientific achievements. This means that scientific opportunities become even broader for the young man of today. Especially if he happens to be on one of the world's greatest scientific teams — the U. S. Air Force.

The sergeant also stated, "The Air Force realizes that in order to stay abreast of these new advances, trained men will be the key for future successful operations. With this in mind the Air Force has stepped up its training programs in electronics and other supporting fields."

In its current recruiting drive, the Air Force is primarily looking for high school graduates in the 17 to 27 year age bracket, however, non high school graduates may also qualify. Immediate enlistment upon qualifying is currently in effect through August and possibly during September, the sergeant said. This means no waiting period for assignments.

For further information contact Sergeant Johnnie C. Gaultier at the Selective Service Office here in Belle Glade, each Tuesday from 10 a. m. until 2 p. m. or call TP 3-5133 in West Palm Beach, Florida.

## HOSPITAL NOTE

Mrs. Walter Roth, 1729 W. Canal St. N., is a patient at Good Samaritan Hospital, entering last Monday for medical observation and treatment.

### These Six Complete Red Cross Swimming Course

THIS IS THE WAY IT'S DONE — Mr. Martin Iselt, director, observes four of his graduates as they display techniques taught in the Red Cross Course — Edwin Whitlock, back center, assist Fred Hickerson and Pat Wilkinson is aiding Barbara McClure. On the ledge looking on are pool manager Fred Ferinden and Richard Chappel who also completed the Red Cross course.

This group of six swimmers (above photo) have recently completed the Red Cross Instructor's Course, taught by Mr. Martin Iselt, Director of Safety Services, Palm Beach County Red Cross.

The courses required 30 hours of meeting. The first half of course material included learning the nine recognized styles of swimming. It also taught various methods of helping a non-swimmer that is in trouble, from the simple reaching assist, to actual swimming rescues where various techniques of carrying the victim to safety are employed.

The second half of the course consisted of the different teaching methods that have been developed by the Red Cross.

With completion of the course these six people have received recognition by the Red Cross and are entirely capable of teaching all phases of swimming and life-saving.

Mr. Iselt, the instructor, commended each for the good job they did. He also encouraged the six graduates to promote water safety in the Belle Glade area.

### County Commission Uses Tape Recorder

Palm Beach County Commission meetings of the future may be wired for sound.

The board has under consideration this week, a recommendation from J. Alex Arnette, circuit court clerk and the official responsible for the commission meeting minutes, that

a tape recorder be used along with a regular secretary to record the minutes of each meeting.

Details of operation and an estimate of costs of necessary equipment is to be available for the next commission meeting.

Don't "make do"...  
enjoy the All-New!

### Time to Change

TO A MODERN 2-IN-1 ELECTRIC REFRIGERATOR-FREEZER

So many exciting new features and conveniences you've always wanted... to save you time, work and money.

**DOUBLE-DOOR STORAGE**... adjustable shelves — They hold all the frozen and fresh foods a large family needs. Models with shelves that raise, lower, swing out. Everything at your fingertips.

**PLenty of ICE CUBES** — You'll never run short. Plenty of ice storage space... and fast freezing provides ample supply... always.

See the models with new "built-in-lock" system, and flush-to-the-wall design (freezers, too)... at your electric appliance dealer.

**MORE FOOD SPACE**... less floor space — New models are 10 inches smaller outside. Zero-cold freezer section keeps foods tasty-fresh for months. You can stock up on "go-along" items... save money.

**NO DEFROSTING** — Banishes messy defrosting (frost?) New models are frost-free or self-defrosting. No scraping, dripping or mopping.

**See the models with new "built-in-lock" system, and flush-to-the-wall design (freezers, too)... at your electric appliance dealer.**

Mrs. Maggie Goodbread had as house guests her daughter and granddaughter, Mrs. John Crow and Kathy of Miami Springs her brother and wife, Mr. and Mrs. William Yates, of

## Be Wary Of Quacks Quaranteeing Cure Says Health Board

There's no known cure for such diseases as diabetes, tie, advanced forms of cancer and leukemia — so watch out for anyone who aims differently, warns the State Board of Health.

"Every now and then," says Dr. Clarence M. Sharp, assistant state health officer, "someone will complain about a 'quack' and of course we investigate because the law charges the board with enforcing statutes in this respect. Some have been arrested and prosecuted. Some are such borderline cases there is insufficient evidence to bring them into court."

"Probably, the worst result of dealing with a phony is the time wasted before seeing a trained physician. Aside from throwing away your money, this wasted time may be very valuable in controlling the disease and prolonging life."

"It's a good rule to be suspicious of anybody who guarantees a cure; uses testimonials, a secret machine or mysterious medicine, and if he claims surgery or drugs to more harm than good. You can do worse than throw away your money and health, letting such a person treat you. You can throw away your life."

Arlington, Va., her son and family Lt. Col. and Mrs. Eugene Goodbread and their children Jon and Jan of Colorado Springs, Colorado, Lt. Col. Goodbread is in the U. S. Air Force.

Stevie Goodbread is spending this week in Ft. Pierce with Bobby Vaughn.

Mr. and Mrs. W. C. Allen had as their Thursday night dinner guests, Mrs. Floyd Abstein and daughters, Judy and Linda, of Ft. Pierce, Mr. and Mrs. William Murray, Jr., and their daughter JaBee of Lantana, Mrs. Clifford Allen, Stanley Burnes and Mr. and Mrs. Jon Ciccarelli (Susan Allen) all of Belle Glade.

## Surprise Miscellaneous Bridal Shower Given Honoring Mrs. Jon Ciccarelli

The home of Mrs. Leo Oyster was the scene of a surprise miscellaneous bridal shower for Mrs. Jon Ciccarelli (Susan Allen) Thursday night.

Other hostesses were Mrs. Mary Ann Gunter, Mrs. Sandra Gambill, Mrs. Evelyn Leathlean and Mrs. Judy Sullivan, congratulation (Susan and Jon) The gift table was laid with a beautiful white cloth with gifts.

Miss Judy Abstein of Ft. Pierce, cousin of the hostess, assisted Mrs. Ciccarelli with the opening and displaying of gifts. Several games were played. Winnie games were Mrs. Carmen Gutierrez, Mrs. C. J. Brown and Mrs. Winnie Plank. The refreshment table held two beautifully decorated cakes

inscribed "Congratulations, Susan and Jon." Cake and punch, nuts and mixed candy were served to twenty three guests.

## New Furnishings For Draft Board

Local Board No. 148 was renovated with new office furniture this week. Mr. J. W. Gerretson State Co-ordinator for Selective Service System had been at this Office three days deploring the fact that there wasn't enough filing cabinet space. He had not been gone thirty minutes when the new (3) cabinets, desk, chairs, and table were delivered. It will be a pleasant surprise for him when he returns for the week of August 27-31.

To obtain this SPECIAL RATE, please clip this adv., and present upon arrival at the "friendly" Alcazar. No reservation necessary.

## Chamber Of Commerce Says Clean-Up Belle Glade!

# Shell dealers suggest 7 things to tell your son when he first borrows the family car

## 1 Don't take other drivers for granted.

They sometimes do unexpected things. In the U.S. in 1960, they ran into stationary objects more than 150,000 times.

So don't be too optimistic. Cars backing out of parking spaces do sometimes back out blindly. Cars coming from the other direction might swing into your lane—especially on hills and curves.

Your best protection is to drive defensively. The only driver you can really be sure of is yourself.

## 2 If the car won't start, there are a number of simple things worth trying.

Use the starter in short bursts. Press accelerator to the floor once, then hold it there while you try starter.

With manual shift, keep clutch pedal all the way down. With automatic transmission, jiggle lever to make sure it's in neutral.

Note from Shell: We recently published an advertisement with 7 simple starting tips. For a free copy, write to the Shell Oil Company, P.O. Box 272, New York 46, N.Y.

## 3 Courtesy is contagious—and adds to everyone's driving pleasure and safety.

Nobody ever cured a traffic jam by losing his temper. If you can keep your sense of humor and wait your turn, everyone will probably get where he's going sooner. Including you.

Another suggestion: It takes only seconds to let someone enter the roadway ahead of you, but it can save the other driver minutes. Just remember to signal the car behind that you're slowing down or about to stop.

## 4 Cars respond to good care. Have the oil, battery and water checked every time you stop for gasoline.

When you're driving, listen for unusual mechanical sounds. If you hear one, have it checked right away. It could save a big repair bill later on.

On rough roads, take it easy—tires are tough, but they are destructible.

Note: For a free copy of Shell's 12-page booklet, "44 ways to make your car last longer," write to the Shell Oil Company, P.O. Box 272, New York 46, N.Y.

Many a young man first borrows the family car for a summer drive. On this page, your local Shell dealers offer some driving tips that can be useful to him all his life.

## 5 Remember what you learned to get your driver's license, and you'll be a better driver.

Eight out of ten car accidents stem from improper driving practices—such as speeding, failing to yield right-of-way and following other cars too closely.

Truck drivers and other professionals have very few of these accidents—mile for mile, about one-quarter as many as other drivers. The professionals know the rules of good driving—and obey them.

## 6 If you're going to be late, call home.

And if car trouble is the reason, call the nearest service station, too.

Park off the traffic lanes and wait in the car until help arrives—with the hood up to show you're disabled. Making repairs close to a busy road can be dangerous.

Note from Shell: Over 12,000 of our dealers go to special training schools each year. There, they learn how to spot trouble in a hurry. A Shell dealer can be helpful to you in almost any emergency.

## 7 Have a good time. So far, almost everything you've heard about cars has to do with safety.

Now you're about to find out what a pleasure they can be. Here are the keys. Just take your responsibilities in stride. And have fun.

Comforting fact for parents: Drivers with less than three months' experience account for very few serious accidents. That's a good sign that most new drivers do take their responsibilities seriously. So you can relax.

Mrs. F. E. Joy remains in the Belle Glade Memorial Hospital recuperating from a broken leg.

## Johnnie Nutt Reports On Trip To Senior Girl Scout Roundup

On July 16, eight Senior Girl Scouts from the Palm-Glades Council left for Button Bay Vermont to attend the Senior Girl Scout Roundup.

We traveled by special train which picked up scouts from Florida, Ga., N. Carolina, and S. Carolina along the way.

By the time we reached New York there were about 500 of us.

While in New York we were honored with a luncheon at the Hotel New Yorker. Also we had a tour of the United Nations Building and a boat cruise around Manhattan Island.

When we reached Button Bay, we claimed our equipment, which had been shipped a month before, and set up our tents, stove, and kitchen boxes. After this we began the task of building our table. All of this

accomplished we could begin the real purpose of Roundup, meeting other girls. First we met the other patrols in our troop from Pennsylvania, Massachusetts and Canada.

Roundup officially opened July 20, in the arena with the lighting of the Roundup Torch that burned throughout the encampment, and the parade of more than 300 American flags.

The Avenue of Flags in the Village Green was a beautiful sight. It flew the flags of all the states and territories of the U. S., the flags of all the nations which are a member of the World Association of Girl Guides and Girl Scouts, the World Association flag, the Roundup flag, and the United States flag. The ceremonies requiring 320 girls were held at 8:30 a. m. and 7:30 p. m. each day.

Our patrol had the pleasure of participating in one of these. We gave our demonstration, "The Barefoot Mailman" twice on the Village Green, a show place for the scouts and visitors. We had chosen this theme for our patrol and carried it out in

every way. On our tents we had painted the silhouettes of barefoot and our orange flag had the silhouette of the mailman trudging in the sand.

Each member of our patrol carried a burlap mailbag made to carry our "swaps" (articles made of native materials which we exchanged for items from other sections of the country.) I decorated my hat with "swaps" as long as there was a place for one, then I shipped two boxes home.

The food was wonderful. It was the only thing we didn't have to furnish ourselves. Before every meal each patrol went to the commissary for their food. In our patrol four would prepare one meal and the other half would prepare the next.

A gigantic 50th birthday celebration complete with balloons, candles, and singing held in the outdoor arena July 24, highlighted the two week encampment.

The celebration was in the nature of a songfest with 12,000 voices joining in birthday, Pat-

## CIVILIAN PLANES WILL BE GROUNDLED

An Associated Press news release from Colorado Springs states that all non-military airplanes in this country and Canada will be grounded for 5 and one-half hours, September 2. On that day the North American Air Defense Command's training exercise, Sky Shield III, will be held between 2:00 p. m. and 7:30 p. m., EST.

— riotic and favorite Girl Scout songs.

Fifty-one candles including one to grow on, were lit on the three tiered birthday cake. Each candle honored some notable or aspect of Scouting.

Just imagine 6,000 tents filled with 12,000 Scouts, cooking meals over charcoal, exchanging swaps, making friends from around the world, swimming in Lake Champlain, watching demonstrations and other exhibits taking part in forums and attending international campfires. These and the wonderful experience I gained from Round up will remain in my memory.

—Johnnie Nutt
